MEN OF F-4 ARE GIVEN FUNERAL SERVICES HERE

Simple, Impressive Ceremonies
Ere Remains of Submarine
Victims Sent to Coast

U. S. S. SUPPLY TAKES EIGHT DRAPED CASKETS

Identified Bodies to Be Sent to
Relatives—Others Buried
in Arlington Cemetery

The men of the F-4 are confined today in caskets draped with the flag in whose service they died, and at 3 o'clock their bodies will begin an ocean journey to the last resting place of the nation's heroes.

Funeral services brief and simple and yet powerfully impressive and nobly dignified, are being held this afternoon for the 21 officers and men of the wrecked submarine. With the flags of city, territory and federal offices half-masted, and the country's colors wrapping the unostentatious caskets which bear the remains—many yet unidentified—the ceremonies are being held at the Honolulu naval station, beginning at 2 o'clock. At 3 o'clock they will be completed and the U. S. S. Supply will sail for San Francisco, carrying eight caskets in which repose the scant vestiges of the honored dead.

Orders Yesterday Afternoon.
Cabled orders were received yesterday afternoon at 4 o'clock from Washington, with directions as to the disposition of the bodies, and on these orders arrangements were made last evening and today for the ceremonies.

Lieut. Crittenden, commanding the submarine flotilla, was in charge of the details of arrangements and did not finish until shortly before noon today.

The comrades of the submarine flotilla will bear to the Supply the flag-draped caskets after the services, which began at 2 and will be over in a short time.

Chaplain Aiken of the army was selected to read a very simple and brief funeral service over the remains. The eight caskets—four containing the four identified bodies and the other four the unidentified remains—were placed in a row in front of the administration office building at the naval station and all around were grouped military and civilian officials and the guards of honor.

Rear-Admiral C. J. Boush and his staff, Maj.-Gen. Carter and staff, Governor Pinkham and his staff, Mayor Lane and other representative officials.

CITY PLANNING BILL IS SIGNED BY MAYOR LANE

Water Management Measure,
Ttting Control From City
Engineer, Still Waits

Mayor Lane has at last signed the city planning ordinance, introduced by Supervisor Charles N. Arnold several weeks ago, and which received such a severe onslaught of opposition at its second reading last month, and was finally passed by the board of supervisors when the mayor was on Hawaii last week.

"The ordinance has lost the few objectionable features which it had when first drafted," says the mayor, "and I now consider it a good thing. Any plan that adds to the beauty of a city ought to be favored as long as it is properly outlined."

"I have not signed the water management bill yet," he says. "In fact I have not had time since my return to read it over thoroughly."

City officials do not think it likely that the mayor will veto the measure, as it has passed with the favor of the supervisors and needs only his signature to become a law. The bill places water control under the water superintendent instead of the engineer.

The contention of Supervisor Larsen of the waterworks committee is that it will place the control of the water system under someone who may be reached at practically all times.

"Under the present system," he says, "the city and county engineer is out on road work most of the day, a thing which makes it practically impossible to find him when he is most needed."

Harry E. Murray, who will become head of the department in case the bill is signed by the mayor, is of the same opinion held by Mr. Larsen. "It will centralize the work in this office," says Mr. Murray, "and will thus greatly facilitate it."

LAUD PRESIDENT FOR HIS CHOICE OF JUDGES HERE

Bar Association, at Meeting
Yesterday, Adopts Resolu-
tion to Go to Wilson

GREGORY AND SENATE COMMITTEE INCLUDED

Will Also Receive Copies of
Document Dealing With Re-
appointment of Jurists

The Bar Association's appreciation of President Wilson's action in reappointing Chief Justice A. G. M. Robertson and Circuit Judge William L. Whitney will be made known to the chief executive through a resolution adopted at a meeting of the executive committee of the association held at 4 o'clock yesterday afternoon.

Both Chief Justice Robertson and Circuit Judge Whitney have received their commissions from the department of justice. The recess appointments hold good until they are confirmed by the senate, which will meet again in December.

At a recent meeting of the members of the Bar Association it was suggested that resolutions of appreciation be drawn up and forwarded to the president and to Attorney General Gregory. Although this suggestion met with serious objection from at least two members of the association, it was voted that the executive committee prepare such resolutions and forward copies immediately.

The executive committee, composed of President Henry Holmes and attorneys Frear, Olson, Sutton, Cathcart, Withington, Lymer, Perry and Wilder, met yesterday afternoon and drew up and adopted the following resolution:

"Resolved by the Bar Association of the Territory of Hawaii, at a special meeting called for the purpose, that it record its high appreciation of the reappointment by the President of the United States of A. G. M. Robertson to the office of Chief Justice of the Territory of Hawaii, and the reappointment of W. L. Whitney to the office of Second Judge of the Circuit Court of the First Judicial Circuit of the Territory of Hawaii, and that a copy of this resolution be sent to the President and Attorney General and the chairman of the Judiciary Committee of the Senate."

Copies of the foregoing resolution will be immediately forwarded to President Wilson, Attorney General Gregory and Senator Culberson, chairman of the judiciary committee of the senate.

Owing to the fact that the association's annual dinner to the local judges probably will be held this fall, the proposed complimentary dinner to Chief Justice Robertson and Circuit Judge Whitney has been postponed indefinitely, it was reported by a member of the executive committee of the association today. The date for the annual dinner has not yet been decided upon.

MATSON LINE IS ABOUT READY TO GIVE OUT DATA

Senator Alfred Castle, chairman of the sub-committee of five, which was appointed under the Committee of 15 from the Chamber of Commerce to secure data for steamship companies regarding alleged congestion in passenger traffic, reports today that he has been informed that the investigation being carried on by the Matson Navigation Company is now practically complete, and will be submitted in a few days.

Mr. Castle also expects to hear from the other companies within a short time, although these companies were put to the necessity of sending to the coast offices for authority to arrange the data and submit it to the sub-committee.

Raymond C. Erown, secretary of the Chamber of Commerce, and also of the Committee of 15, says that no meeting has been called by the chairman of the latter for the purpose of making any suggestions or laying any plans before Cal Stone of the Great Northern Company.

Mr. Brown says that as the special committee appointed by the Promotion Committee to consider the Great Northern question is a part of the Chamber of Commerce, it is not likely that the Committee of 15 will take any action in the matter.

Cal E. Stone, traffic manager of the Great Northern Pacific Steamship Company, who is here to arrange if possible to place the Great Northern on the local run, was the guest today, with C. W. Wiley, marine superintendent of the company, of Chairman Berndt of the Hawaii Promotion Committee at an informal lunch in the private diningroom of the Commercial Club. The luncheon was to talk over prospects for increasing passenger facilities.

WEALTHY RAJAH FROM INDIA AND BRIDE ARRIVE

Ruler of Native State Wedded
to Daughter of Australian
Banker Last Month

INCOME IS IN EXCESS OF \$1,000,000 YEARLY

Ruler of Pudukota, With 400,000 Subjects, on Way to See
San Francisco Exposition

Accompanied by his bride of a month, his mother-in-law, his sister-in-law, his physician, his valet and other attendants, His Highness the Rajah of Pudukota arrived in Honolulu this morning on the Oceanic liner Sonoma en route to San Francisco to see the exposition.

With an income said to be \$1,000,000 a year, money is no object to the rajah. His bride, the niece, who before her marriage was Miss Fink of Australia, is the daughter of a prominent Australian banker. The rajah and his bride were married in Melbourne a month ago, and may possibly go on to New York if they are sufficiently impressed with the states after visiting the Panama-Pacific International Exposition.

Shortly after the Sonoma docked the party left the ship and sought an automobile to tour around Honolulu and see the sights.

"Mercy, haven't they anything but Ford and Hupps to rent here?" exclaimed the rajah to her husband as they left Pier 10 and immediately were surrounded by rental auto drivers.

A big seven-passenger touring car, the biggest there, caught the rajah's eye and he lost no time in engaging it for the day. The party will resume the voyage to San Francisco when the ship sails at 5:30 o'clock this afternoon.

In the party are the rajah and rane, the latter's mother, Mrs. Elizabeth Fink, the bride's sister, Miss Ida Fink, Dr. J. Marfort, the rajah's physician, a valet and a maid.

Pudukota is one of the smaller states of India, according to Dr. Marfort, who acts as the rajah's secretary. It has 400,000 inhabitants. The rajah has been reigning there for about 15 years. He received his education in English universities, and his income is said to be more than \$1,000,000 a year from his large rice plantations. He is also paid a large annual salary by the British government for his services as ruler of the native state. He has never been married before.

"According to his doctor the rajah is a motor car expert. He has 11 automobiles, of which seven or eight are in Pudukota, one in Melbourne and two in Europe."

NEW OWNERS MAY PUT CHINA BACK ON HAWAII RUN

San Francisco-Honolulu Sched-
ule for Former Pacific Mail
Liner Being Discussed

That the former Pacific Mail steamer China, the smallest of the five transpacific liners recently sold by the Atlantic Transport Company of West Virginia, may within a few days be placed in service on the San Francisco-Honolulu run, is stated by the San Francisco Bulletin.

This paper says that a telegram sent a short time ago by P. A. S. Franklin, vice-president and general manager of the International Mercantile Marine, owners of the Atlantic Transport line, to T. H. Larke, general passenger agent on the coast for the I. M. M. lines, contained the information that the Mongolia and Manchuria will probably be used in transatlantic trade, while the Siberia and Korea are destined for the New York-San Francisco run—depending, however, on freight conditions.

The steamship China, says the Bulletin, the disposition of which Franklin does not give in his telegram to Larke, may be placed immediately on the run between San Francisco and Honolulu. The five steamers of the Pacific Mail have heretofore made Honolulu a port of call for passengers, but they have taken no freight from that port.

With the Korea and Siberia on the San Francisco-New York run, both liners will continue to make the bay city their principal port of call.

At the San Francisco offices of the Atlantic Transport Company it was alleged that transpacific service would not be undertaken because of the provisions of the La Follette seamen's law; but there was an intimation that ships might be operated between San Francisco and Honolulu.

Wiley had several callers in businessmen who came to discuss the situation and during the next few days will

RUSS ARMIES TURN ON INVADERS Allies Massing Huge Force At Dardanelles

DEPUTY MARSHAL SEES PURCHASE OF POPPY DRUG

Sale Negotiated Openly With
"No Questions Asked"—
Raid Follows

Who wants some opium?

It is easy to get in Honolulu, according to U. S. Marshal J. J. Smiddy. One dollar's worth of the drug was purchased yesterday in the presence of Deputy Marshal Otto Heine, and no questions were asked by the seller.

Marshal Smiddy's contention that local opium dens are selling the "poppy drug" to any person who wants it, whether he be known to the seller or not, was proven yesterday, he says, when the sale was made in Heine's presence. As the result of the sale the marshal's office raided a den on Eretania street and one Ah See has been bound over to the federal grand jury.

Shortly before 5 o'clock yesterday afternoon an informer told the marshal that he could go out and buy some opium without any trouble whatever. The informer offered to prove his statement. Deputy Marshal Heine, disguised somewhat by the removal of his coat, accompanied the informer to a building on Eretania street. There, in Heine's presence, the informer purchased one dollar's worth of opium. The seller asked no questions. He made no objection because of the fact that the informer had a stranger with him.

After the sale, Heine returned to the marshal's office. A warrant was issued and the marshal and his deputies went to the house on Eretania street. The door of the den was secured by three locks, and the officers broke down the door. Ah See, alleged proprietor of the den, was arrested.

The marshal and his deputies carried away with them considerable opium-smoking paraphernalia in the shape of a silver-mounted opium pipe, two lamps, a quantity of bulk yeh shee and several small packages containing yeh shee. The small packages were marked with the figures "25."

The marshal says that in the den were the implements for running every conceivable kind of Chinese gambling game. These were left behind.

The Chinese waived examination and was released on bond in the sum of \$500. The commissioner bound him over to the federal grand jury.

BIG TOURNAMENT FOR GUARDSMEN NEXT FEBRUARY

Second Week of Second Month
Chosen for Meet of All Or-
ganizations on Oahu

A military tournament, to be held by the National Guard of Hawaii the second week in February, and to be the biggest affair of its kind in many years, was announced today at national guard headquarters. General orders for it have been issued.

All organizations of the national guard on Oahu will participate in the tournament, and Maj. M. M. Johnson, 1st Infantry, announced an officer in charge of finances, while Capt. G. E. Schaefer is in charge of events, program and entries.

The tournament will be held in the armory, and two or more nights will probably be devoted to it. While no definite program has been announced, it is likely that it will be along the same lines as the tournament held when the armory was opened two years ago.

At that time, features of the program were contests in breaking camp, making blanket rolls, manual of arms and firings, bayonet fencing, first aid work, foot fencing, signalling and wall scaling.

It is the intention of Col. Samuel Johnson, the adjutant-general, to hold a similar meet on the Big Island, for the troops there, including the new national guard companies shortly to be mustered in. There will also probably be some form of competition or military tournament on Maui.

SUGAR

SAN FRANCISCO, Cal., Sept. 8.—Sugar: 96 degrees test, 4.475 cents. Previous quotation, 4.52.

Thomas Taylor, an iron worker, employed on construction of the elevated railroad on 9th avenue, was taken to the Polyclinic hospital. He was picked up under the "L." He said his foreman hurled him from the struc-

BULGARIA MAY BE ON MOVE FOR EARLY WAR

Persistent rumors say that Premier Basil Bledsoff, whose picture is shown above, is steadily preparing Bulgaria for war. Today's despatches tell of the fortifying of a Bulgarian town not far from Turkish territory, the move being apparently inspired by expectation of war with the Ottoman.

SEND WIRELESS OF ACCEPTANCE TO LUNCHEON BID

Asano and Dr. Reinsch, With
Other Notables, to Be Guests
of Pan-Pacific Club

Dr. Paul Reinsch, American minister to China, and S. Asano, president of the Toyo Kisen Kaisha, wireless from the Shinyo Maru to Alexander Hume Ford this morning, accepting the invitation of the Pan-Pacific club to be its guests at a luncheon at noon tomorrow in the gymnasium of the Y. M. C. A.

Additional guests will be Gal E. Stone of the Great Northern Pacific Steamship Company and C. W. Wiley, marine superintendent of the Great Northern; Senor Caro, the Spanish minister to Japan, and S. Tamura, a member of the Japanese house of representatives.

The guest table will be decorated with the flags of China, Japan, Spain and the state of Oregon.

At present the Pan-Pacific Club is unable to provide seats at table for more than 100. Those who have the monthly course tickets will have the first call on the seats, as they are the regular members of the club. There will also be a number of prominent citizens who will be invited to meet the distinguished guests. If it is possible, arrangements will be made for those who wish to hear the speeches to find accommodation in the galleries around the gymnasium.

Dr. Reinsch evinced considerable interest in the Hands-Around-the-Pacific work while Mr. Ford was in Pekin over a year ago, and a start was made toward organizing the "Progress Club" of returned students from American colleges.

Dr. Reinsch, Mr. Asano and the other distinguished guests from the Shinyo Maru are expected to arrive at 8 o'clock tomorrow morning. They will be received by reception committees, and if time permits in the afternoon they will be taken out in surfing canoes from the Outrigger Club.

ALL G. A. R. VETERANS MAY GO TO CONVENTION

All veterans of the Civil War in the government service will be allowed leave of absence, with pay, if they desire to attend the G. A. R. Encampment at Washington September 27-October 2, according to an official communication received by Chief Postmaster H. J. Duffy, captain of the yard at the naval station here, from Franklin D. Roosevelt, assistant secretary of the navy. While it is not probable that many will go from here, the order will be of interest to G. A. R. men residing in Honolulu. The order grants veterans in the government service leave of absence with pay, during the encampment, and says that "they shall be granted as many more days additional leave with pay in each case as may be necessary for the journey to Washington and return to their posts of duty." The ruling is an executive order issued by President Wilson.

SLAV VICTORY AT TARNOPOL GIVES PETROGRAD HOPE; HOT ATTACK BY GERMANS ON WEST

BERLIN DECLARES IMPORTANCE OF VICTORY HAS BEEN WON
IN ARGONNE, TEUTONS TO KING MORE FRENCH POSI-
TIONS—BULGARIANS REPORTED FORTIFYING BORDER
TOWN—UEPPELIN RAID'S GROWING MORE DEADLY

(Associated Press Service by Federal Wireless)

LONDON, Eng., Sept. 9.—That the Russians have ended their long retreat from Galicia through Poland is believed by war observers as the result of the pronounced victory at Tarnopol. The Russians here inflicted a defeat on the pursuing Germans, taking 8000 prisoners.

Petrograd attaches great importance to the news and the capital is much cheered at the Russian victory.

Allies Mass Men and Guns For Another Try at Dardanelles

(Associated Press Service by Federal Wireless)

SOFIA, Bulgaria, Sept. 9.—In preparation for another big attack on the forts which guard the Dardanelles and on the Turkish troops entrenched on Gallipoli peninsula, the Allies are concentrating large forces and landing much heavy artillery on the shores where they are in control.

Zeppelin Raids on England Begin to Produce Many Serious Casualties

(Associated Press Service by Federal Wireless)

LONDON, Eng., Sept. 9.—Last night's raid of German Zeppelins in the eastern counties in the London district of England was one of the most deadly of all the Teuton blows. Today's reports indicate that at least 20 people were killed and 86 injured by the bombs hurled down from the huge airships.

Up to date the casualties from Zeppelins are 122 killed and 349 injured.

Violent Fighting in Argonne; Attack of Germans is Ferocious

PARIS, France, Sept. 9.—Violent fighting has broken out in the Argonne district, heralded by the heavy artillery duel which has been in progress almost without cessation for two days.

The Germans are attacking on a long line with great ferocity and determination to capture the French positions.

Let Austria Act in Dumba Case

WASHINGTON, D. C., Sept. 9.—Unless the Austrian government itself takes steps in the case of Dr. Dumba, the Austrian ambassador, whose connection with plans to hamper the manufacture of munitions in the United States has been revealed, the American administration will probably soon act. Austria will be given an opportunity to take such steps as she sees fit but if nothing is done, it is likely that through diplomatic channels the matter will be brought to the attention of Vienna. The disclosure of the ambassador's connection with the plans to hamper munition manufacture has attracted official attention.

Germans Declare Attack a Success

BERLIN, Germany, Sept. 9.—An important victory in the hard fighting in the Argonne district was announced today by the war office. The official communication says that over a mile of French positions were captured by the Germans in a series of strong attacks.

Bulgarians Fortify Against Turks

PARIS, France, Sept. 9.—The Bulgarians are fortifying the coast town of Dedeaghat, on the Gulf of Enos, not far from Gallipoli.

British Transport Rumored Sunk

BERLIN, Germany, Sept. 9.—It is reported here that the Southland, a British transport, was sunk recently in Turkish waters.

War Costing Norway Many Ships

WASHINGTON, D. C., Sept. 9.—According to figures secured here, 41 Norwegian ships have been lost since the war began.

(Additional Telegram Despatches on Page 9)

HONOLULU MAN'S BROTHER KILLED AT DARANELLES

Word has reached J. N. Phillips of this city, secretary of the Honolulu

Francis Sedger Phillips, was killed in action at the British front at the Dardanelles on August 12. Phillips was a member of the Canterbury, New Zealand, infantry battalion. His death occurred exactly two months after he left England for the front. He had been in training in England for six months prior to his departure for the Dardanelles. No particulars of his death have yet been learned, the information so far being limited to the government report. In this city Phillips is survived by two brothers, J. M. Phillips and J. T. Phillips. The deceased made his
